

DATA SHEET

VECTRON POS SOFTWARE/POS PC SOFTWARE AS OF VERSION 6.0.0.0
VECTRON POS PC LIGHT SOFTWARE AS OF VERSION 6.0.2.0

The screenshot displays the Vectron POS software interface. At the top, it shows the date and time: 04/28/2021 01:46 PM. A transaction summary table is visible, listing items and their prices:

Open GCs		GC #5
1	Service	3.30
2	Operator 1	16.80
3	Operator 1	6.60
5	Service	0.00 *
6	Operator 1	3.30

The main interface features a menu grid with categories such as Non Alcoholic, Juice, Beer, White Wine, Red Wine, Sparkling Wine, Cocktails, Liquors, and Hot Beverage. A 'New order' section shows a list of items: 1 x Lager small (2.30), 1 x Lager large (3.30), and 1 x Lager large (3.30). A total of 3.30 is displayed. A numeric keypad and function buttons (ESC, CL, Open GCs) are also visible. On the right side, there is a payment panel with options for CASH, bonVito, Non Cash, Maestro, Visa, Mastercard, Amex, and Customer account.

VECTRON

Features

Vectron POS software is the system software for Vectron POS systems. Your Vectron dealer can program and configure the Vectron POS software individually for you. All the mobile and stationary POS systems and the Vectron POS PC are compatible thanks to the uniform software.

Due to the very extensive, trade-overlapping scope of functions of Vectron POS software we can only mention the most important functions here. Your Vectron dealer will be glad to answer your questions concerning additional features.

DATA SHEET

VECTRON POS SOFTWARE/POS PC SOFTWARE AS OF VERSION 6.0.0.0
